

SHAH ABDUL LATIF BHITTAI WELFARE SOCIETY (SALBWS)

FEASIBILITY REPORT OF 1ST CLUSTER OF 30 HOUSES NEAR VILLAGE HAJI MUSA SOOMRO, UC-2, BADIN UNDER BEHAN BENAZIR BASTI LOW COST HOUSING SCHEME Ismail-35/22 Musa Soomro 21/8

Under the on going phase of survey by the CSO to identify genuine beneficiaries meeting the criteria for providing financial assistance in constructing the house, two villages have been selected in the vicinity of Badin town. These are; (1) Village Haji Mohammad Musa Soomro, and (2) Village Haji Ismail Soomro, both villages are situated in the rural area of Union Council Badin-2.

Both villages are situated near to Badin By-Pass road. The road leading and touching to both villages from Badin By-Pass road, is katcha. Village haji Mohammad Musa Soomro falls first while village Haji Ismail Soomro is about 1 kilometer away from the first village. There are two govt. primary schools (girls & boys) at a little distance from the first village. Soomro and Bhatti community live in these villages with the majority of Soomro community. Majority of the population is poor belonging to labour class living in katcha and dilapidated huts, needing repair every time. Due to their katcha houses they feel much difficulty in rainy seasons besides face health and hygiene conditions. Total number of house holds and numbers of house holds identified for financial support under the scheme are given in the following table.

Sr.No	Name of village	Total number of household	Number of selected house hold
1	Haji Mohammad Moosa Soomro	21	9
2	Haji Ismail Soomro	36	21
	Total	57	30

Out of 30 prospective women beneficiaries, 10 are widows; 8 belonging to village Haji Ismail Soomro and 2 to village Haji Mohammad Moosa Soomro. Their particulars have been given in the following table.

S No	NAME OF BENEFICIARY	CNIC #	FATHER/HUSBAN D'S M/O NAME	AGE	CNIC #	CURRENT POSITION OF HOUSE	OCCUPATION	NO OF OTHER RESIDENTS/DEPENDENTS	PRE SENT VILLAGE
1	MS. Rahmat	41101-6309465-6	Widow of Late Mohd Somroo	40		Katcha hut	Labour	5	Haji Ismail Soomro

Under the scheme if a new house is constructed, there are two options. (1) The old one is demolished and a new one is constructed on the same plot, and (2) the new house is constructed on another plot. In both the villages there is little space to construct a new house. If the existing one is demolished, another problem exist as to where the beneficiaries live till such time the new house is completed..

Alternately, there is a viable suggestion to construct all 30 houses at one place. There is a large uncultivated space adjacent to Village Haji Mohammad Moosa Soomro where Behan Benazir Basti be established, constructing therein new houses and shifting all 30 beneficiaries to new premises. We have put the later proposal before the beneficiaries to which they agreed and appreciated as well and have given there written consent. (Copy enclosed).

If the above proposal is agreed upon, it will attract the following benefits and convenience for the beneficiaries.

- They will have easy excess to main road as well as their old house Basti will be near to their villages as well as the main road,
- They can easily school to their children being both schools near to the Basti,
- They shall have convenience in living by minimizing the load on the their existing house by shifting beneficiaries and children to the new house.
